3vs3 Families,

Thank you so much for your patience and understanding regarding the schedule release. The teams were finalized Monday evening and we have been working diligently to complete the schedule since then. We are excited to roll this information out and get started! The rest of the schedule will come out in it's entirety in the next few days. GAME DAY THINGS TO REMEMBER

- * Parents: Please remember to refrain from trying to "coach" your player's team. A big part of this experience is the kids being required to problem solve on their own without adults telling them what to do. Our goal is to build leaders and we want to give them the freedom to grow. However, our officials will give each team a few things to watch for in the second half and they will also be advantageous if there is any type of major issue.
- * Please know that these first few weeks were mostly spent evaluating. We will be watching closely to see the biggest areas of need and work on those skills in the coming practices!
- * **Fans need to bring their own chairs and sit on the sidelines, not under baskets or near half-court.**
- * **Players need to bring their own water bottles**

Thanks and we are so excited to get this league started on Friday!
