

This is a discussion guide for you to use with your family, friends, small group or extended family at home or online. The questions are the same from week to week, but the application will be different. We encourage you to print this page off and take notes while you are listening to the message.

1 In a sentence, sum up the main point of the message.

2 Which concept or statement most impacted you during the message?

3 Read **THE MAIN PASSAGE** from the message slowly out loud two times. **After the first reading**, write down a phrase from the passage that God is speaking to you. **After the second reading**, write down what God is asking you to do in light of the phrase.

4 What does this passage have to say about Jesus, God, your relationship with him, how you're living, or how you are to love others?

5 How will you live out what you heard in the message or discovered through the last couple of questions?

6 Who will you share your thoughts with? Commit to sharing your thoughts with this person.

End your time in prayer.
